No. D.-3044 OF 1921.

OFFICE OF THE SURGEON-GENERAL
WITH THE GOVERNMENT OF BOMBAY:

Poona, 10th August 1921.

From

Major-General W. E. JENNINGS, M.D., M.L.C., K.H.P., I.M.S.,
Surgeon General with the Government of Bombay;

To

THE SECRETARY TO GOVERNMENT,
General Department, Bombay.

Sir,

I have the honour to submit for the information of Government the following report on the Civil Hospitals and Dispensaries of the Presidency for the year 1920.

2. The Hospitals have generally been kept in good repair. The following additions and improvements were made during the year :—

(*a*) At the Bai Motlibai and Petit Hospitals minor improvements were made such as the provision of gas burners in the two hospitals, an electric installation in the House Surgeon's quarters and the supply of a hot water installation for the Petit Hospital.

(*b*) At the Ratnagiri Civil Hospital the verandahs of the observation cells for insanes were paved with Shahabad Stone and a cast iron pipe drain was laid in the compound.

(*c*) At the Satara Civil Hospital a sink was provided in the Mortuary.

(*d*) At the Nasik Civil Hospital the undermentioned works were carried out with a view to improve the general sanitation of the Hospital compound :—

(i) Installation of pure water pipes.

(ii) Efficient drainage of compound.

(iii) Provision of a milch-cattle shed.

(iv) Provision of polished marble flooring to the operation theatre, police and surgical wards and the Civil Surgeon's Office room and of glazed tiled dado lining to the main building.

(*e*) At the Civil Hospital, Dhulia, wire netting was provided for the operation theatre.

(*f*) At the Civil Hospital, Sadra, a new mortuary was constructed.

3. The several statements attached are summarized below :—

STATEMENT "A."

4. The total number of institutions open on 31st December 1920 was 740 as compared with 755 in 1919. The decrease was due to the closure of certain private non-aided institutions. The number of Government aided institutions rose from 310 to 317. As a result of the scheme for providing new dispensaries 7 dispensaries, *viz.*, those at Nagothna in Kolaba, Rahuri and Pathardi in Ahmednagar, Chandgad in Belgaum, Talikot in Bijapur, Suvali in Surat and Matar in Kaira, were opened during the year.

STATEMENT "B."

5. The total number of patients treated during the year was 24,52,051, as compared with 23,92,259 in 1919, an increase of 59,792 or 2·5 per cent. Of the total treated, 74,947 were in-patients and 23,77,104 were out-patients as compared with 75,045 in-patients and 23,17,214 out-patients treated in 1919. The attendance of in-patients remained practically the same, but the number of out-patients treated during the year under report increased by 59,890.

6. Of the indoor patients treated during the year, 49,712 were cured, 8,227 were relieved, 6,694 were discharged otherwise and 6,834 died. The ratio of deaths per cent. to the total treated was 9·1 as compared with 10·4 in 1919.

7. The number of beds available was 6,892 against 6,823 and the daily average number of patients occupying them was 3,646·0, as compared with 3,667·6 in the previous year. The average daily attendance of out-door patients was 23,387·0 against 22,348·0 in 1919.

STATEMENT "C-I."

8. The following table shows the principal diseases among the indoor patients treated during the years 1919 and 1920 and mortality due to them :—

Disease.	1920.		1919.	
	Total treated.	Deaths.	Total treated.	Deaths.
Cholera	189	95	1,474	742
Dysentery	1,666	263	1,948	246
Leprosy	1,724	233	1,730	269
Malaria	8,529	158	8,149	216
Plague	181	103	258	176
Small-pox	686	131	1,116	229
Tubercle of the lung	1,297	457	1,428	470
Other tubercular diseases	1,302	251	1,223	273
Diarrhœa	1,468	443	1,668	402
Injuries (general and local)	10,660	721	9,856	457
Labour, cases normal and abnormal	7,857	61	6,636	99

9. *Cholera.*—The disease was practically non-existant in 1920, a few sporadic cases occurring in Bombay City only. The figures call for no special remarks.

10. *Dysentery and Diarrhœa.*—Admissions for these complaints, which are due mainly to contaminated water supply, were less than those in the previous year but the incidence of mortality due to these complaints was rather higher as compared with the previous year being 22·5 against 17·9.

11. *Malaria.*—There was a slight increase in the number of admissions for malaria during the year under report. Quinine 'treatments' worth Rs. 50,000 were put up for sale as usual to the public in malarious districts at cheap rates. In addition quinine 'treatments' worth one lakh of rupees were distributed free of charge, to the general public and school children in Sind and Kanara where malaria is more prevalent than elsewhere in the Presidency. Nine Sub-Assistant Surgeons were deputed for anti-malarial duty in the most malarious places in the Presidency including Sind. Six thousand two hundred and seventy-three cases of malaria and 2,437 cases of other diseases were treated by them during the season.

12. *Small-pox.*—The number of in-door and out-door cases of small-pox treated during the year 1920 was 1,105. Of these 601 were unvaccinated, 494 vaccinated in infancy, 3 vaccinated after infection and 7 revaccinated.

13. *Tuberculosis.*—The number of cases of tuberculosis was 2,599 against 2,651 in 1919. The admissions and deaths under this head show a slight decrease over the previous year.

14. *Labour cases.*—The admissions for labour cases show a considerable increase. The number rose from 6,636 in 1919 to 7,857 in 1920, an increase of 18·4 per cent. The increase is indicative of the growing popularity of maternity wards attached to hospitals and dispensaries and shows the extent to which they are resorted to in places where they are available. The death rate has fallen from 1·4 per cent. in 1919 to 0·8 per cent. in 1920.

STATEMENT "C-II."

15. Among the out-door patients malaria furnished the largest number of admissions followed by diseases of the digestive system, diseases of the eye and skin, respiratory diseases and diseases of the ear.

STATEMENTS "D-I & D-II."

16. The attendance at Police, Canal, Forest and other state special institutions was 64,178 as compared with 56,189 in 1919. At the Railway Hospitals the attendance fell from 2,43,956 in 1919 to 2,42,839 in 1920—a decrease of 1,117.

STATEMENT "E."

17. The total number of in-door and out-door patients treated at the private non-aided institutions of which reports were received was 15,04,811 as compared with 20,42,812 treated in 1919.

STATEMENT "F."

18. Of the total patients treated during the year 19,000 were Europeans and Eurasians, 15,64,447 were Hindus, 7,40,117 were Mussalmans and 1,28,487 belonged to other classes. The number of women seeking medical relief at hospitals and dispensaries increased from 5,07,723 in 1919 to 5,38,217 in 1920.

STATEMENT "G."

19. During the year under report 1,01,739 surgical operations were performed against 96,359 in 1919, an increase of 5,380 or 5·6 per cent. They were performed on 1,01,126 persons with a mortality of 0·40 per cent. as compared with 0·51 per cent. in 1919.

20. The removal of tumours and cysts gave 1,514 operations with 7 deaths in 1920 against 1,262 operations with 12 deaths in 1919. Operations on bones 2,107 with 14 deaths against 2,020 with 27 deaths; amputations numbered 738 with 44 deaths against 780 with 48 deaths; cataract extractions 2,139 against 1,616; vesical calculi were removed by litholapaxy and lithotrity in 1,005 cases with 15 deaths against 901 with 10 deaths. Lithotomy was resorted to in 158 cases with 20 deaths against 247 with 26 deaths in 1919.

21. Abdominal operations other than those for diseases peculiar to women numbered 1,801 with 124 deaths against 1,713 with 159 deaths, while those for diseases peculiar to women numbered 139 with 3 deaths as compared with 135 with 4 deaths in 1919. The total number of abdominal operations was 1,940 with 127 deaths against 1,848 with 163 deaths. The number included 263 operations for the radical cure of hernia and 169 for abscess of liver.

22. Obstetric operations numbered 1,044 with 38 deaths against 956 with 40 deaths in 1919 and operations for conditions peculiar to women other than obstetric and abdominal numbered 773 with 12 deaths against 671 with 2 deaths in 1919.

STATEMENT "H."

23. The total income exclusive of the cash balance amounted to Rs. 40,79,765 as compared with Rs. 33,77,712 in 1919. Local funds contributed Rs. 4,83,117 and Municipal funds Rs. 6,62,978. The interest on invested capital yielded Rs. 55,707. Subscriptions from Europeans and Indians amounted to Rs. 1,33,828. Miscellaneous receipts amounted to Rs. 5,04,324 of which Rs. 1,84,801 were realized on account of hospital fees and Rs. 1,59,332 were contributed by the several nursing associations.

24. The total expenditure amounted to Rs. 40,08,377 as compared with Rs. 34,44,865 in 1919. Deducting from this Rs. 2,27,276 remitted into the treasury on account of the hospital fees, sale proceeds of unserviceable articles, etc., and Rs. 30,700 invested during the year, the net cost for 1920 was Rs. 37,50,401. The average cost of each diet was Rs. 0-5-11.

STATEMENT "J."

25. On the 1st January 1920 the invested capital stood at Rs. 10,05,787. During the year Rs. 30,700 were invested and securities worth Rs. 27,113 were sold or withdrawn leaving a balance of Rs. 10,09,374 at the end of the year.

HONORARY STAFF.

26. The practice of employing private medical practitioners on the teaching staffs of the Poona and Ahmedabad Medical Schools continues to work well.

I have the honour to be,

Sir,

Your most obedient servant,

W. E. JENNINGS,
M. D., Major-General, I. M. S.,
Surgeon General with the Government of Bombay.

APPENDIX I.

CIVIL HOSPITAL AND DISPENSARY STATISTICS.

STATEMENT A.

Showing the number of Civil Hospitals and Dispensaries in the Bombay Presidency during the year 1920.

[Total Population of the Province—27,034,317.]

Class of Civil Hospital and Dispensary.	Number open on 31st December 1919.	Number opened during the year 1920.	Number closed during the year 1920.	Number open on the last day of the year 1920.	Remarks.
1	2	3	4	5	6
I.—State—Public ...	52	(*a*) 1	...	53	(*a*) Civil Hospital, Mahabaleshvar, transferred from III class to I class.
II.—State—Special—					
(i) Police ...	5	...	...	5	
(ii) Forests and Surveys ...	1	...	...	1	
(iii) Canals ...	5	...	...	5	
(iv) Others ...	15	(*b*) 1	...	16	(*b*) Criminal Tribes Settlement Dispensary, Belgaum.
III.—Local and Municipal Funds ...	310	(*c*) 9	(*d*) 2	317	(*c*) Nagothna in Kolaba District, Khed in Ratnagiri District, Pathardi, Rahuri and Akola Dangs in Ahmednagar District, Chandvad in Belgaum District, Talikot in Bijapur District, Savali in Surat District and Matar in Kaira District.
IV.—Private—Aided ...	17	...	...	17	(*d*) Civil Hospital, Mahabaleshvar, transferred to class I and Free Charitable Dispensary, Colaba transferred to class V.
V.—Private—Non-aided ...	295	...	(*e*) 24	271	(*e*) One in Bombay City, 3 in Thana, 2 in Ahmednagar, 1 each in Sholapur, Bijapur, Surat and Hyderabad Districts and 14 in Kathiawar and other Native States.
VI.—Railways ...	55	...	...	55	
Total ...	755	11	26	740	

CLASSES I AND II.—These include all institutions maintained by provincial funds and under Government management. The fact that an institution possesses endowments or receives contributions from local funds or private subscriptions has not been regarded as a reason for not classing it as 'State' when provincial and imperial funds are practically responsible for all the charges connected with it. Class I—'Public' are State Dispensaries which are open to the poorer classes of the public. Class II are State Dispensaries which serve only a special section of the public as indicated in the sub-classification attached.

CLASS III.—Local fund dispensaries include all institutions which are vested in local boards or municipalities or guaranteed or maintained by local or municipal funds. The fact that such an institution is aided by private subscriptions, or receives assistance from Government in the shape of part of the salary of the medical officer, grants of medicine, or otherwise, has not been regarded as a reason for not classing it as a local fund dispensary, when its existence is practically dependent upon local funds.

CLASS IV.—Comprises institutions supported by private subscriptions or guarantee, but receiving aid from Government or local funds.

CLASS V.—Comprises institutions maintained entirely at the cost of private individuals or associations. The fact that Government supplies superior inspection or registers has not been regarded as a reason for not treating it as a private non-aided dispensary.

CLASS VI.—Comprises all railway dispensaries whether maintained by State railways or others.

BOMBAY: PRINTED AT THE GOVERNMENT CENTRAL PRESS.

Annual Report on Civil Hospitals and Dispensaries in the Bombay Presidency for the year 1920.

GOVERNMENT OF BOMBAY.

General Department.

Resolution no. P.-47.

Secretariat, Fort, Bombay.

Dated the 30th December 1921.

Letter from the Surgeon General with the Government of Bombay no. D.-3964, dated the 10th November 1921:—

" I have the honour to forward the Annual Report on the Civil Hospitals and Dispensaries of the Bombay Presidency for the year 1920 and to state for the information of Government that there is nothing in it, the immediate publication of which can be considered of doubtful expediency."

RESOLUTION.—The report should be published.

By order of the Government of Bombay (Transferred Departments),

S. N. ZIMAN,

Deputy Secretary to Government.

To

The Surgeon General with the Government of Bombay,
* The Director of Public Health for the Government of Bombay,
* The Commissioner in Sind,
